

Dirty Hurricane

BAND STORY

"

5 guys shakin' the walls and rattlin' the windows. Poundin', drivin' rock & roll -- they'll make you wanna dance, move, groove and then jump in your car and take the cops on a high speed chase.

High energy Southern Rock with a drink in one hand and a smoke in the other... who cares if its almost illegal (smokin' that is). Might as well enjoy 'em while you can. Yessiree, what else you gonna do in these dyin' days of democracy 'cept hock your daddy's watch and party 'till dawn?

The band is fronted by Chainsaw Brown, belting it out like a banshee with his balls on fire. Rodger & Riff provide the drivin' guitars that'll make your ears bleed. With Rock'n Roy Boy on bass and Kevin Kamikaze Jagger on drums holding down the rhythm section, they're sure to make your ass jiggle & shake.
