

Jon Allen Edwards

BAND STORY

"

Jon Allen Edwards Or JAE as he is commonly known is a Canadian Singer-Songwriter-Entertainer from Toronto, Ontario, Canada. Having entertained people with his thought provoking original music for the past 25yrs, in 2008, JAE embarked on his most ambitious and creative work to date.

After witnessing an extended family member's battle with Alzheimer's Disease, JAE decided to put his musical talents as a singer, songwriter, multi-instrumentalist and producer, towards a project he would call

This body of work would tell the story of a man, his family and the struggles they would endure as Alzheimer's disease slowly robbed him of his identity, his dignity and eventually his very life.

As JAE puts it " There was an incredible story to be told here, One that needed to be exposed in hopes of creating an awareness of just how horrible this disease is, and what it does to families and it's victims "

AND TELL IT, HE HAS

Painting a picture with his words and music JAE has created a masterpiece. THE Presently No Past Project is now complete and available for sale with \$5.00 of each sale being Donated to The Baycrest Foundation. JAE has gone back to his electric rock roots for some songs on this 2 CD 21 song collection and incorporated electric guitars into this album,(something he has not done for 12 years)
